

Alberta Doctors' Digest

Special issue on Fall RF/AGM

The November-December edition is always a huge issue of *Alberta Doctors' Digest*. Like I said this time last year, if we were still printing on paper, you'd need a forklift to pick it up!

We're focusing on the Fall 2019 RF/AGM that took place in Edmonton on September 27-28. This is an annual milestone where *Alberta Doctors' Digest* brings you messages and info about your new president, president-elect and immediate past president.

The RF/AGM also focuses the spotlight on Alberta physicians who've made outstanding contributions to their profession. Don't miss the Alberta Shines section where we recognize outstanding achievements in health care.

Plus, after reaching out to AMA members we're happy to report that we've recruited a talented physician-writer to take on the new Dr. Gadget column. Enjoy.

All this, plus our regular assortment of feature stories, department columnists and video/audio clips!
