Take advantage of your AMA membership privileges

Legendary service and advice for AMA Members

For more than 36 years, TD Insurance has been offering preferred rates on home and auto insurance to Alberta Medical Association members through the TD Insurance Meloche Monnex program. We're proud of our long-standing relationship and are pleased to share just a few of the benefits available to AMA members as a TD Insurance customer.

Dedicated phone number for AMA members

We're pleased to offer a dedicated phone number exclusively for AMA members to contact us for fast and friendly advice. Call the dedicated line (1.844.859.6566) to speak with an advisor who can assist you with your unique insurance needs. AMA members who use this dedicated line experience reduced wait times, although these can fluctuate during peak periods.

Practical convenience

TD Insurance customers can also use our convenient online and mobile options to perform a variety of helpful transactions. [MyInsurance](#) online provides the flexibility to review home and auto insurance policies, make changes, start a claim or print a temporary pink card. If you're not already registered, you can access MyInsurance on the [TDInsurance.com](#) website, or on the go via the TD Insurance mobile app. You can quickly and easily download the MyInsurance app from the [App Store](#) or the [Google Play Store](#) for your home and auto insurance needs.

When an unexpected claim occurs, the accident assistance button in the MyInsurance app connects customers to our First Response Centre in less than a minute, on average. We can then quickly dispatch a tow if it's needed. The app provides access to a helpful checklist of what to do immediately after an accident and the tools to document key details and take photographs. Customers can also use the MyInsurance app to view the status of their claim and track the status of their repairs.

The accident assistance button in the MyInsurance app connects customers to our First Response Centre

Photo-based estimating is now available for eligible claims, allowing you to take and submit photos of your damaged vehicle. If your vehicle is still safe to drive, this innovative tool can save you time since you will need to go to the body shop only once for your repairs. The photos are uploaded in real-time and used to complete the estimate.

TD Insurance auto centres

We've made it easier for you to get the support you need for your car. Our exclusive TD Insurance auto centres have everything you need under one roof: repair professionals, rental cars and on-site claims advisors. With [six convenient locations in Calgary and Edmonton](#) and flexible hours, TD Insurance auto centres are a one-stop solution to help get you back on the road. If you prefer to visit a different body shop, you can schedule an appointment with a TD Insurance repair advisor to have your car's damage assessed and your questions answered and then take your car to the repair shop of your choice.

Stress-free claims

When unexpected damage happens, it can be stressful. But making a claim doesn't have to be. Our dedicated advisors offer a simplified claims experience while providing advice about what to do next and walking you through every step. With tools like our TD Insurance auto centres, [MyInsurance](#) and claims tracking, you can complete your car claims process with less stress and get back to what matters most as quickly as possible.
